

CertainTeed  
Quality Master™

This is to certify that

**Kurt Burkhart**

has earned the title of **CertainTeed Quality Master™**  
having successfully passed the *CertainTeed Shingle Technology Manual* test.

The *Shingle Technology Manual* test is a challenging series of questions on current manufacturing technology and related subjects, discussing complex shingle technology and quality. This program provides a comprehensive overview of asphalt shingles, from product components and design features, to price considerations and warranty provisions.
